- 
- This map of Aoba Ward displays various geographical and administrative boundaries. A dashed purple line delineates the ward's extent. Shaded orange and yellow regions indicate existing landslide hazard zones, with orange representing high-risk areas and yellow representing medium-risk areas. Numerous blue-outlined polygons are scattered across the map, primarily within the hazard zones, representing specific investigation points. These points are categorized into two types: landslides (green outlines) and steep slopes (blue outlines). The map also shows a dense network of streets and some open spaces.
