

平尾校区基礎調査箇所

- 
- This map displays the geographical layout of Hirano Ward, including its street grid and school district boundaries. It highlights areas with existing landslide hazards, categorized into Red Zones (high risk) and Yellow Zones (moderate risk). Additionally, it marks specific locations for basic investigations, distinguishing between areas prone to landslides and steep slopes. The map uses a color-coded system to convey this information, with orange and yellow for hazard zones, purple for school districts, and green and blue outlines for investigation points.
