

警固校区基礎調査箇所

-
- This map displays the Sekigahara Elementary School District, outlined by a purple dashed line. The background is a detailed street map. Overlaid on this are several hazard zones: orange areas for existing special landslide hazard zones (Red Zones) and yellow areas for existing landslide hazard zones (Yellow Zones). These zones are concentrated in the western and southern parts of the district. Blue-outlined shapes indicate specific investigation points: squares for landslides and triangles for steep slopes. A legend in the bottom right corner explains these symbols.
- 既存土砂災害特別警戒区域(レッドゾーン)
 - 既存土砂災害警戒区域(イエローゾーン)
 - 小学校区
 - 基礎調査箇所(土石流)
 - 基礎調査箇所(急傾斜地)
