

長丘校区基礎調査箇所

- 
- This map displays the Nakaguchi Ward (長丘校区) with various hazard zones and investigation points. The background is a detailed street map. Overlaid on this are several colored areas: orange for existing special landslide hazard zones (Red Zones), yellow for existing landslide hazard zones (Yellow Zones), and a dashed purple line for the elementary school district. Numerous blue-outlined shapes are scattered across the map, representing specific investigation points. These shapes include rectangles, triangles, and irregular polygons, some of which are placed within the hazard zones. A legend in the bottom right corner explains the symbols used.
- 既存土砂災害特別警戒区域(レッドゾーン)
 - 既存土砂災害警戒区域(イエローゾーン)
 - 小学校区
 - 基礎調査箇所(土石流)
 - 基礎調査箇所(急傾斜地)
