

How to fill in this report

This document describes how to fill in this report to verify your household's income status. You are requested to submit this report as your national health insurance (NHI) premium may be reduced if your income last year was below the standard level. Please submit your completed form to the ward office or branch office of your residence. The report is available only in Japanese. Please complete it either in Japanese or English.

Declaration of Income: Have you filed your tax return for 2025? If so, please circle the relevant number and state when that happened.

- I already filed my municipal tax return.
When:
- I already filed my income tax return.
When:

Please circle the relevant number. If you have selected "Other than Fukuoka City", write the name of the municipality of your residence in the brackets below.

If you have income from old-age pension, employees' pension or national pension, indicate the amount.

If you have income from bereaved family pension or disability pension, indicate the amount.

Indicate the amount of your income from salary before tax (including bonuses and allowances).

Indicate the amount of your private pension (gross income and expenses).

Indicate the amount of your income from sources other than those listed above. State in the brackets what the income is from and indicate the amount of earnings and expenses.

Please complete this section if you were without income last year.

- Dependant
 - Received money from others
 - Led a life with savings
 - International student
- Please circle the number relevant to your situation in the previous year.**

If none of the above is applicable to you, please circle 5 and describe your situation in the brackets.

[Points to note]

○ Please submit this report as soon as possible.

If you submit your report late, the decision on the reduction of your national health insurance (NHI) premium or the payable amount of premium based on your income may be delayed.

○ Previous year's income of all members of your household belonging to the NHI scheme must be reported in order to get your NHI premium to be reduced. No need to submit a separate application for the NHI reduction.

○ This is not a declaration of the municipal tax return.

○ If the description is insufficient, the ward office may contact you. Please check if it is complete before submitting it.

If the description in this report changes due to subsequent declarations to the tax office, your premium may change.
