FMGN Seminar TICAD9 Thematic Event

"The Fukuoka Method" will save the Solid Waste Management Issues in the world!

Fukuoka Method Global Network (FMGN) is pleased to present a hybrid seminar to be held as Thematic Event of the 9th Tokyo International Conference on African Development (TICAD 9).

In this seminar, we will discuss with experts how the semi-aerobic landfill type "The Fukuoka Method" can contribute to improving the living environment in cities facing challenges in reducing methane gas emissions and solid waste management.

We look forward to your participation.

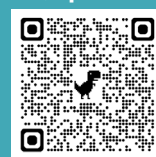

2025/8/21 (Thu.) 10:00~11:30

Venue : Exhibition Hall D, Pacifico Yokohama (1-1-1 Minato Mirai, Nishi-ku, Yokohama City)

※Zoom Webinar with simultaneous interpretation (Japanese/English)
